6 patents

*Comparison study of methanation technologies carried out by an independent consultant (ENEA Consulting)

UNLIMITED FIELD OF APPLICATIONS

ONE REACTOR FITS
MANY APPLICATIONS

ENERGO

Green Fuels

Green Chemistry

Hydrogen

Methane

Ammonia

Waste

Syngas

CO₂

CH₄

Biomethane

YOUR NEEDS

DECARBONATION SOLUTIONS

RENEWABLE CHEMICALS

OUR OFFERS

ENERGO ENERGY

Convert your waste into green energy

ENERGO CHEMICALS

Replace fossil-based products by renewable chemicals

OUR MAIN ACHIEVEMENTS & PROJECTS

Semi-industrial demonstrator
12,5 m³/h

Industrial unit
10 000+ m³/h

Mobile demonstrator
150 L/h

July 2022
**FIRST FRENCH
INJECTION IN GAZ GRID**

Industrial demonstrator
500 m³/h

OUR ASSETS

2021

LAB AND WORKSHOP
SITE IN **LILLE**

2021
