FEEL-GOOD GAMES

Bioviva Editions has created, developed and marketed educational games based on Nature and child development since 1996.

As an underlying principle, we ensure that our games provide awareness of the respect of Self, the Other and the Planet.

We also meet the challenge of a production that is 100% made in France and an eco-design that reduces our environmental impact. This year, we are celebrating the 10th anniversary of Nature Challenge, our collection for children that has become a must! See page 15 for more information.

And because we always want to go one step further, we have created the “Bioviva For Life!” Foundation, whose first action is the distribution of a million games to refugee children around the world.

An increasing number of you have endorsed our approach – we thank you for your encouragement!

PARTY GAMES

FARMY'UP

Roll the dice in the 3D farm. Chicken? Cow? Fruit? Great moments of fun to see who will be the first to grab the right wooden disk. With Farmy'up, a game of speed and deduction, children learn about life on the farm, from the hen house to the vegetable garden.

Dimensions : 270 x 270 x 60 mm

5+ | 2 to 4 players | 20 mn

● Available
● On request

ANIWOO!?

In this animal investigation game for 2 to 4 players, ask questions to guess your opponents' secret animals, while avoiding the traps of the Expert cards! 3 levels of difficulty that adapt to the age of the child to discover 24 surprising animals!

Dimensions : 270 x 270 x 60 mm

6+ | 2 to 4 players | 20 mn

● Available
● On request

CRO-MAGNON

One of the classics from the brand, remodelled in a box that's easy to take anywhere! Rediscover your ancestral skills (miming, primordial language, modelling and charcoal drawing) to make the other players guess words so you can move forward in this outlandish adventure. Only the hominid who evolves to the level of homo sapiens can win the game!

Dimensions : 150 x 173 x 75 mm

8+ | 3 to 12 players | 40 mn

● On request

PRESCHOOL GAMES

FARMITO

Feed animals on the farm, collect what they produce, guide them towards their living spaces... children learn how a traditional farm works and the importance of having wild animals to preserve nature's balance.

Dimensions : 275 x 210 x 50 mm

3+ | 2 to 4 players | 20 mn

● Available
● On request

Starting at age 3, children become curious about the world around them.

With qualitative content, attractive illustrations, and activities essential for their development, our early-learning games help children become immersed very easily in nature.

GYM ANIMO

Moving with animals is much more fun! In Gym Animo, children can develop their motor skills through the game's challenges, and their fine motor skills by moving the wooden towers. The game has 2 levels of difficulty (3-4 years and 5-6 years) and an advice booklet written by psychomotor therapist.

Dimensions : 275 x 210 x 50 mm

3+ | 2 to 4 players | 20 mn

● On request

THE VEGETABLE GARDEN GAME

Taking care of a vegetable garden all through the seasons to harvest the finest vegetables is easy with the vegetable garden game! In this board game, players have to grow their own vegetables and avoid the difficulties to become real little gardeners. The ideal and fun game for all to discover the secrets of a natural vegetable garden.

Dimensions : 270 x 270 x 60 mm

5+ | 2 to 6 players | 30 mn

● Available
● On request

TREECOLO

During the game the players must memorise and find hidden fruits and vegetables that correspond to the different seasons: spring, summer, autumn, and winter.

It's an early-learning game that helps children reinforce their abilities relating to observation, memorisation, and spatial representation.

Dimensions : 275 x 210 x 50 mm

COOPERATIVE GAMES

Listening to and understanding one another,
working together to achieve a common goal:
these are the solid values to share while
playing games.

With our cooperative games, respect for others
becomes child's play!

PLAYA PLAYA AND VIVA MONTANYA 2 themes with the same rule!

A great deal of rubbish has been thrown onto the beach and into the snow. There's only one solution: find the animals hidden under the rubbish and put the rubbish in the proper bins before the sea level rises or the snow melts!

Dimensions : 245 x 245 x 50 mm

4+ | 2 to 6 players | 20 mn

● Available
● On request

ABRACADABRA LAND

You must quickly memorise the recipe for the
magic potion and go through the enchanted
forest to collect all of its ingredients before the
sun goes down!

BAAAAA!

The goal of this 3D game is simple: guide the herd
to the gentle pastures on the mountaintops while avoiding
the wolf and its traps. It's the humour, call for teamwork,
strategy, and moving through space that makes "BAAAAA!"
a game loved by children and adults alike!

Dimensions : 270 x 270 x 60 mm

ACTIVITIES

TO GROW UP

Taking care of the planet is first
and foremost about taking care of yourself,
others, and what's around you:
guide your child through daily life and
the successes and difficulties that come with it.
This is the aim of these innovative activity sets
praised by childhood specialists.

MONTESSORI ASSOCIATIONS

The goal of these activity sets is to put together the ice cream
cones through associations connected to sight, smell, and touch.
Children can refine their perceptions through this recognised,
adapted form of teaching.

Disneynature

Disneynature strives to tell the most wonderful stories coming straight from nature so that children marvel at the world around them, come to love it and want to protect it. Therefore, it's natural that we decided to develop a full line of board games adapted to showcase the beauty of wildlife and raise awareness about preserving the environment.

ANI'ZOOM

In this observation game based on speed, you need to be the first to spot the animal that's being looked for on one of boards, which you can arrange any way you want. The games can be constantly renewed and the game is even more fun with 4 different card types: "Animals", "Babies", "Zoom", and "Nocturnal Animals" done in phosphorescent ink, visible only through a black observation box!

CHALLENGING GAMES

NATURE CHALLENGE JUNIOR

The game rules for "Nature Challenge" are adapted for children from 4 years old and up: it has only two features and no text. Young children bet on the weight and the number of baby animals and the first to collect all the cards wins the game.

Dimensions : 114 x 72 x 20 mm

4+ | 1 to 6 players | 15 mn

Other languages available on request.

Bet on the key features of animals, dinosaurs, volcanoes, planets...

A simple premise turned into a playground craze that raises lasting awareness of the beauty of the living world among children and adults. With 37 compatible references and 2 board games, "Nature Challenge" has become an "ecosystem" adapted to all age groups and times in the year.

SOCIAL GAMES

This game originated from a wonderful tale...
 Adapted from a tool used for conflict resolution in numerous African countries, this semi-cooperative management game adopts the 3 axes of sustainable development: society, economy and environment.

TERRISTORIES

You play the role of a member of a colony that has just arrived on a new planet. You set out to discover this hostile and surprising territory to try establish a sustainable settlement. Will you know how to cooperate with the other players to reach your objectives? A semi-cooperative game of management and negotiation developed in partnership with a center for scientific research.
