

Decarbonize your sports sessions

A man in a black long-sleeved shirt and black shorts is riding a stationary bike in a gym. He is looking forward with a focused expression. In the background, other people are also on stationary bikes, and large windows show a bright outdoor scene. A logo for 'CYCLO POWER FACTORY' is visible on the window.

and if pedaling could have a positive impact on the climate

It is estimated that there are 10 million cardio training equipment manufactured at the end of the world with a very poor carbon footprint and consuming energy to operate!

What if this equipment became a producer of renewable electricity rather than a consumer?

10 coal-fired power plants could then be eliminated, i.e. 3 M tons of CO₂ avoided per year.

A person is shown from the waist down, sitting on a rowing machine in a gym. They are wearing black shorts and black sneakers. The machine has a large black flywheel and a silver frame. The floor is dark and made of rubber mats. Overlaid on the image are several concentric circles and arcs in blue and yellow-green colors.

Le défi énergétique

Mettez en commun vos énergies pour compenser la télé que vous avez laissé en veille toute la nuit.
Qui d'entre vous sera le plus productif !

00:06:38

Energie Produite - Watt heure (Wh)

→ Puissance collective instantanée

→ Objectif environnementale

→ Le saviez-vous ?

Si tous les français éteignaient leur TV le soir, on pourrait supprimer une centrale nucléaire

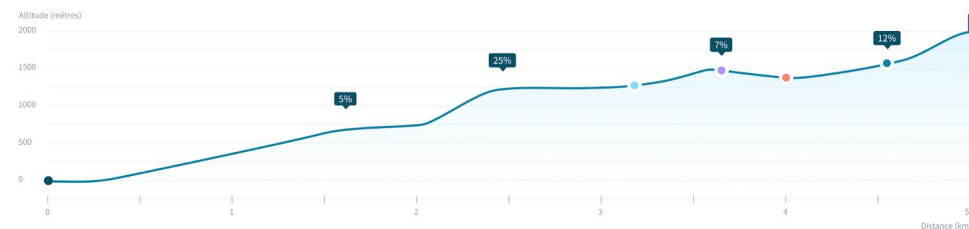

Course sur parcours

Sélectionnez n'importe quel parcours, affrontez vos adversaires et récupérez l'énergie dépensée.

→ Montée Alpes D'Huez

219 g. de CO2 évité
1230 Wh produits en tout

→ Puissance collective instantanée

→ Tracé du parcours

→ Le saviez-vous ?

Vous avez produits l'équivalent de 4 steaks hachés depuis le début de la course.

A large graphic featuring a blue circle with a yellow-green outline, centered on a light blue background. A blue horizontal banner with a slight 3D effect is superimposed over the circle. The word "Financials" is written in white, sans-serif font on the banner. Several curved lines in blue and yellow-green are scattered around the central circle, creating a sense of motion or a stylized sunburst effect.
