

## Who we are

Global Empowers is the only purpose driven social enterprise that is focused on freeing impoverished people from mental and material poverty.

Global Empowers helps impoverished people realise their potential so they can become masters of their own destiny by creating, implementing and delivering affordable tangible and intangible products and services.

“

**Those who have the courage to believe in themselves and others can change the world.**

**GLOBAL EMPOWERS**

Lighting change

## Our Journey

Global Empowers was founded by Musonda Joseph Mwansa; a native from Kawambwa, a small town in the Luapula Province, north of Zambia. Joseph's humble beginnings have been the foundation on which he built his values and standards for himself, and those around him.

What if we can eradicate poverty of the mind, while focusing on ways to overcome poverty of the material?

## Our Belief

We believe that hope can inspire self determination to achieve the impossible and that those who have the courage to believe in themselves and others can change the world.

## Our Team

Global Empowers is backed by a team that is wide and specialized. The team members include entrepreneurs, business leaders, scientists and researchers. Together bringing more than 30 years of experience

## We Value

- Curiosity
- Teamwork
- Integrity
- Success
- Education
- Magnanimity
