

NOVALUXE

SOLAR ELECTRIC YACHTS

3 available in 2018

Unlimited Range

and a top speed that excites is only possible in the new EY37 zero emission luxury yacht. Requiring only a single captain, this blue water vessel has no limits. All components are tried and tested, industry best. Nova Luxe does not compromise and our product is peerless.

Elon Musk believes all combustion engines will be replaced with more capable electric engines. He and many other electronic pioneers, like our partner Torqeedo, have created the equipment to make this possible. We have aggregated these advancements into the new EY37. Creating this complete package which consumers can be confident in, has been a true joy. When you test drive one, you will understand how the Wright brothers felt when they first took flight, you will know it's a special product, one that will change a long and storied industry for the better.

The world today is different than it used to be and it will continue to change. To see natural beauty you need to travel off the beaten path. When you find the oasis you have been searching for, sneak in silently, observe the wildlife and leave without a trace of diesel, oil, or CO2.

**ZERO
EMISSION**

**UNLIMITED
RANGE**

**3 TO 4
BEDROOMS**

**BMW BATTERIES,
9 YEAR WARRANTY**

Travel anywhere in the world, Luxuriously.
