THE TREECITY CONCE

Holistic concept for healthy living in greenbuilding

Harmonic design

based on proportions "à l'antique" (golden ratio) for your well being

Avoiding geopathic stress

by analysing the lots with dowsing to protect you from bad energies emanating from the earth.

Electrosmoa

reduction to more than 90% of electromagnetic fields, thanks to bioelectricity

practice of dowsing in the heart of Europe is

10 Years

now available in California to build in a really holistic way of well being.

Los Angeles, CA based firm offering eco-friendly homes using state of the art materials, already being used throughout Europe.

Positive homes offers scalable structures that are easy to setup and focus towards Zero-Net Energy.

Positive Homes 501 E 7th Street #413 Los Angeles, CA 90014 (213) 283-0687
