

# Smart[Bins]

Simplified refill solutions.

## COMPANY OVERVIEW

SmartBins delivers category-defining product dispensers. This technology enables a hyper-efficient supply-chain, streamlined store operations, and a delightful user experience. Addressable markets include corporate campuses, cafeterias, restaurants, ghost kitchens, convenience stores, and online fulfillment. Beyond refill solutions, SmartBins unlocks data insights into a trillion dollar industry; understanding why we buy the things we use everyday.

Our patented technology makes sustainable shopping accessible to the mainstream consumer.

## HIGHLIGHTS

- Piloting w/ FANG and FORTUNE 500 companies.
- Utility Patent with category king defenceability.
- TC Retail Top Pick 2018 | Alchemist Alumni

## VALUE PROPOSITION

### Reduce Labor

- 75% less stocking
