

Freedom from Fossil Fuel Generators!

SuGree Solar
Generator

Fossil Fuel
Generator

ECO FRIENDLY

Green, Clean & Silent energy with 24x7 power supply and high quality electricity output.

PORTABLE

Fully portable system that is also splash-proof, dust-proof, rust-proof and shock resistant.

AFFORDABLE

Minimal Operating and maintenance cost, with a Return on Investment in 1-2 years.

#beyond1000solutions

SuGree
Products

Why SuGree Solar Generator?

- High Quality Power output, safe for electronic appliances
- 5-10 years Warranty on Solar Batteries
- 10 & 25 Years performance warranty on Solar PV Modules
- 2 - 10 years warranty on Inverter
- No Piling required
- Easily Portable
- Various Power Ranges and Battery Backup capacities to choose from.
- Can be charged by external sources if required.

Comparison

	SuGree Solar Generator	Fossil Fuel Generator	Solar Roof Top
Availability	✓	✓	Sun & Grid Availability
Initial Cost	↓	↓	↓
O & M Cost	↓	↑↑	↓
Fuel Logistics	X	↑↑	X
Portability	↑	↑↑	↓
Ready to Use	↑	↑↑	↓
Reliability	↑	↓	↑
Permissions Needed	X	X	✓
Pollution	↓	↑↑↑↑↑	↓
Payback Period	1-2 Years	∞	3-4 Years

Clean & Free Energy 24 x 7 with Return on Investment in 1 - 2 years!

ECONOMICAL BENEFITS

Free Energy and less than 5% maintenance cost than compared to fossil fuel generators.

HEALTH & SAFETY BENEFITS

Freedom from noise & air pollution; which is severely affecting people's health and mood.

ENVIRONMENTAL BENEFITS

Renewable Energy Solution with tiny carbon foot print & no Green House Gas Emission.

Services

- 1 Feasibility study, load analysis shadow analysis and sizing of solar generator needed for site .
- 2 Calculate various options for solar PV energy storage maximum power output and their prices.
- 3 Calculations for return on investment, carbon savings and guidance for loan, financing the Solar Generator
- 4 Guidance on selecting or switching over to the high efficiency equipment to minimize the energy consumption and hence reduce their size of solar generator needed.

Solar Impulse Efficient Solution Label

Sugree Campsite Mini Power Box-Solar Generator has been awarded the Solar Impulse Efficient Solution Label, a proof of high standards in profitability and sustainability.

“Solar Impulse Efficient Solution” label is an initiative of Solar Impulse

Foundation of Switzerland.

It is one of the first labels for positive impact businesses bringing together protection of the environment and financial viability. The Solar Impulse Efficient Solution Label is attributed following an assessment performed by external independent experts. In collaboration with renowned institutions, solutions applying for label must go through a neutral methodology based on verified standards. This label serves as an award for clean and profitable solutions.
