YOU ARE IN GOOD HANDS

Established in France in 1997, **TECHLINK Associated International Engineers** is a leading solutions provider in Flow Control, Filtration, Heat Exchange and Energy Recovery, Instrumentation and On-line Analysis for processes handling corrosive, abrasive and toxic chemicals. We are committed to serve industries for which quality and reliability are critical for the safety of people and preservation of the environment. With a presence in France, India, Thailand and China, and representations in major Asian countries, **TECHLINK** designs solutions for process industries to :

- Improve availability and performance
- Reduce operational costs
- Enhance safety
- Save power and recover energy
- Achieve and/or maintain environmental regulatory compliance
- Meet ISO 14000 objectives
- Simplify management

- CHLOR-ALKALI PLANTS
- BATTERY CHEMICALS, ELECTROCHEMICAL ENERGY STORAGE
- PAPER BLEACHING
- SEA WATER CHLORINATION
- COPPER REFINING AND RARE METALS RECOVERY

STATE-OF-THE-ART TECHNOLOGIES FOR THE IMPROVEMENT OF THE PROCESS IN VITAL INDUSTRIES

- **STORING, MIXING, AND FLOW CONTROL OF CORROSIVE CHEMICALS**

- **SEPARATION SYSTEMS, MEMBRANE FILTRATION, ION-EXCHANGE RESIN COLUMNS, GAS SCRUBBING SYSTEMS**

- **ELECTROCHEMICAL SYSTEMS, CHLOR ALKALI, ELECTROWINNING, ENERGY STORAGE**

- **ON-LINE ANALYTICAL SYSTEMS**
Essential parameters of chlorine plants for safety and productivity

- **HEAT RECOVERY, ENERGY SAVING**
Improvement of heat exchange, recovery of latent heat from low pressure vapours, recovery of heat from viscous, abrasive or fouling fluids.

- **SAFE AND FAST TIGHTENING OF LARGE FLANGES BOLTING**

CUSTOMER SATISFACTION is the core focus of our everyday's life.

TECHLINK has earned a robust reputation among its clients based on trust, commitment, transparency and dedicated follow-up. Trust us, as do major chemical companies in Asia, pulp-mills, copper smelters etc. Among which :

- Asahi Glass Chemicals
- Siam Cement Group
- Indah Kiat Pulp & Paper
- Evonik
- Solvay
- Umicore
- Syngenta
- Akzo
- DCW
- Reliance
- LG-Chem
- LS-Nikko
