

Streamlog

Streamline your on-board reporting

by  opsealog

LOG FASTER, SHIP SMARTER

Say goodbye to spreadsheets and redundant data entry with Streamlog. Our new solution allows you to centralize and customize your reporting, making it easier than ever before.

REPORT ONCE, AND ONLY ONCE

Stop wasting time on multiple redundant reports, and benefit from higher data quality and optimised data collection with our reporting application.

RELIABLE & ERGONOMIC

Streamlog is your daily ally, making your job easier and keeping you in the know. Use Streamlog in the bridge, engine room, or anywhere on board to optimize your workflow and unlock data's full potential.

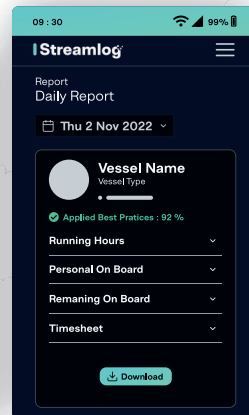

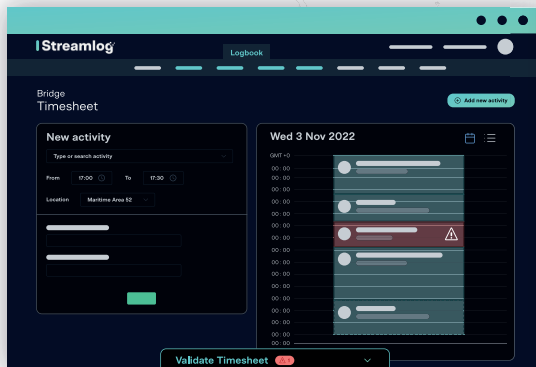

CREATED BY SEAFARERS, FOR SEAFARERS

Don't use tools that don't fit your needs. Our Marine and Data Expert teams created streamlog to solve the reporting challenges you face every day.

DIGITAL LOGBOOKS & COMPLIANCE

- Digital Recordbooks Modules
- Environmental Compliance Reports: MRV, DCS, CII
- Certified by Verifavia and Bureau Veritas

ALL YOUR RECORDS IN ONE PLACE

- Digitized & unified noon report
- Activity timesheet
- Tanks, cargo & bulk management
- Remaining on board
- Personal on board
- Safety report
- Engine & generators running hours
- Waste & Garbage management
- Maintenance report

AT YOUR FINGER TIP

- Mobile & desktop
- Cloud & offline reporting
- Easy to fill
- Personalized modules
- Data quality control
- Personalized access
- Highest cyber security standards

“Streamlog has an attractive and easy-to-use interface. The program is relatively straightforward. The support team has been helpful and quick to reply. Overall, we like the program and appreciate their help. Thank you!
