Power Tree

Embrace the world of
CLEAN ENERGY

About

Imagine Powertree is a Gandhinagar based Sustainable Technology Innovation Company incubated at PDPU Innovation and Incubation Centre and supported by Govt. Of Gujarat. under Startup/Innovation scheme. We convert solar energy and technology in to a sculpture along with modernization, beautification and provide visibility to solar energy. We solve key issue of space constraint in solar plant (~ 90% saving).

- Diamond Powertree

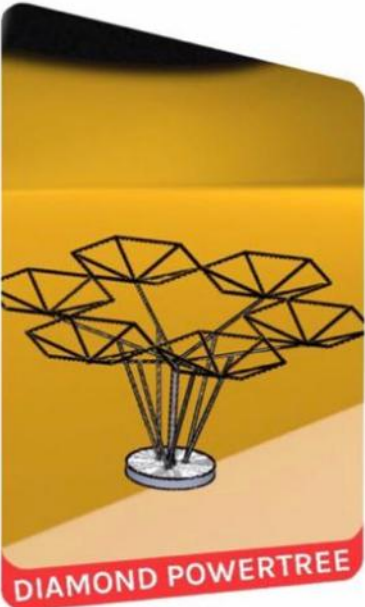

URBAN POWERTREE

Urban Powertree represents a tree . Solar panels are put on top of its "branches" Utilizing the sunlight energy, solar panels produce electric energy. It provides electricity using solar energy, mobile charging, Night led light, Music player, CCTV cameras, Wifi.

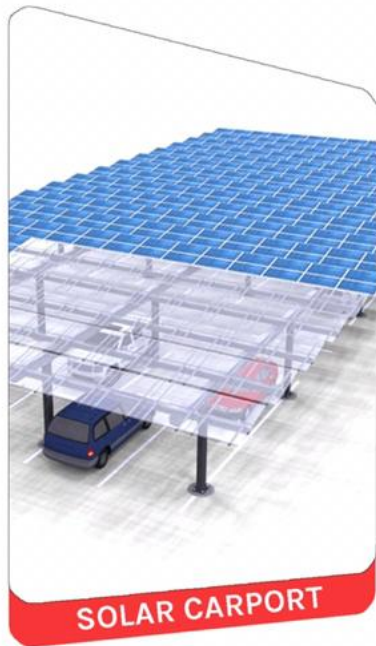

WATER POWERTREE

Water power tree is working with an aim to provide safe drinking water in rural areas by providing unique design of artificial tree with solar panels on it.

DIAMOND POWERTREE

Diamond Powertree resembles diamond Engineering Structure. With an aim of providing energy & solve space constraints for the companies / industries, of high Energy requirements.
