

Non-plastic airless packaging solution.

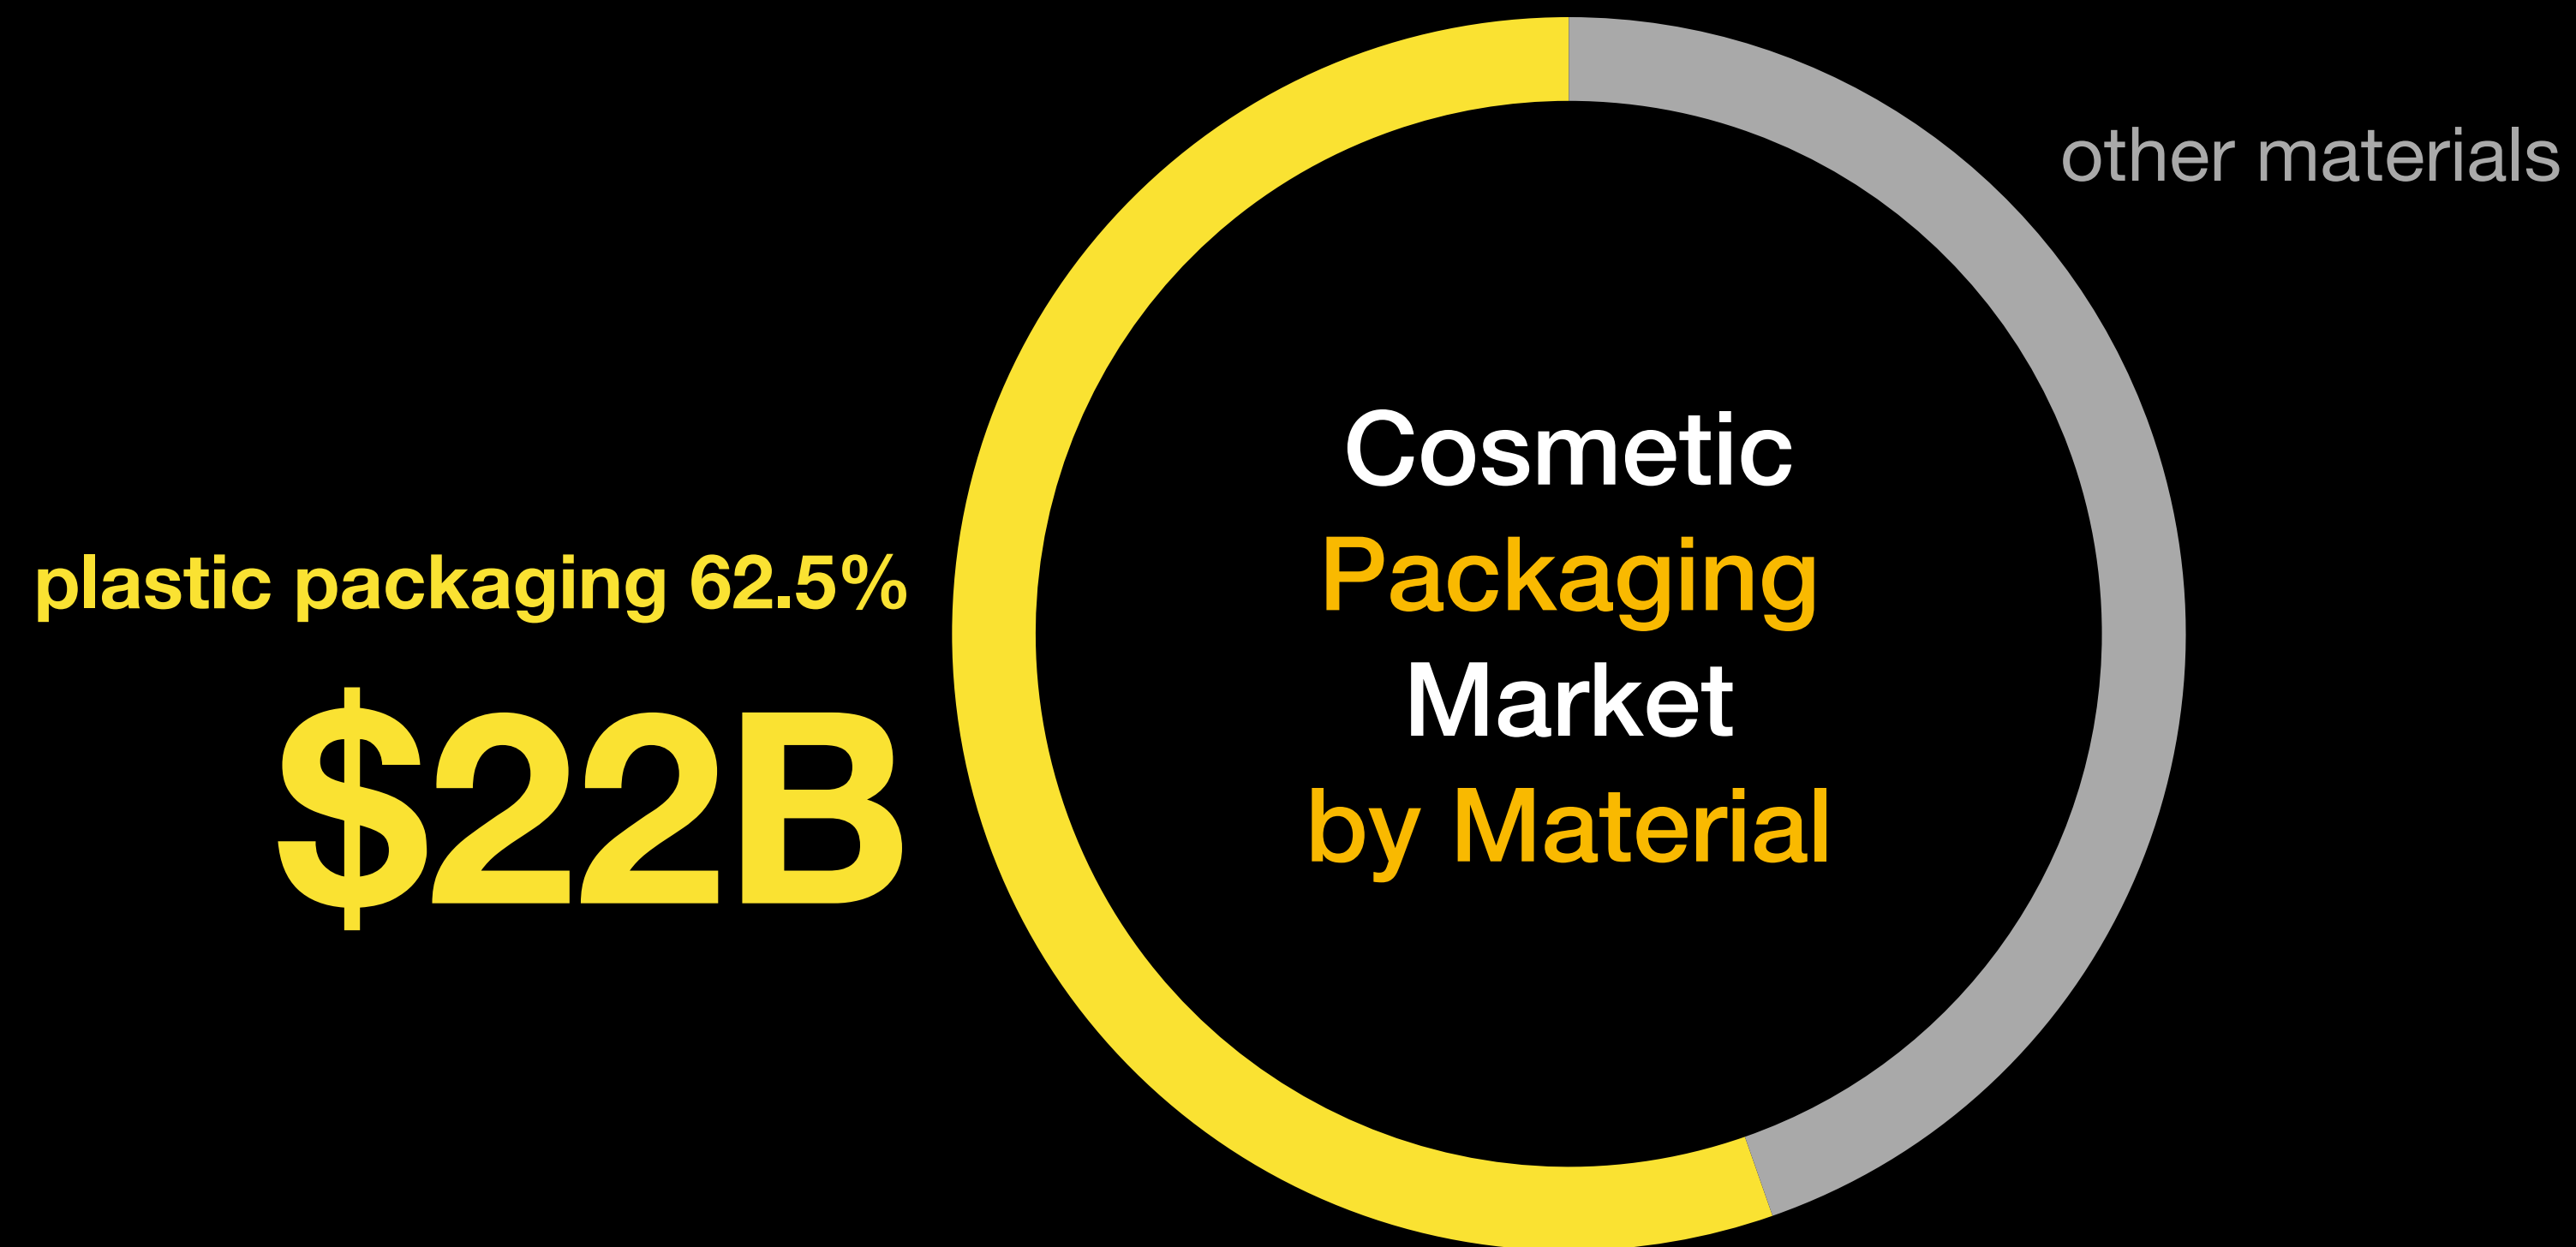

It's the **PLASTIC**, human

The actual **reused ratio** of plastic bottles
by Vogue France, Emily Chan

Post-processing makes it **impossible**
to **reuse** cosmetic packaging.

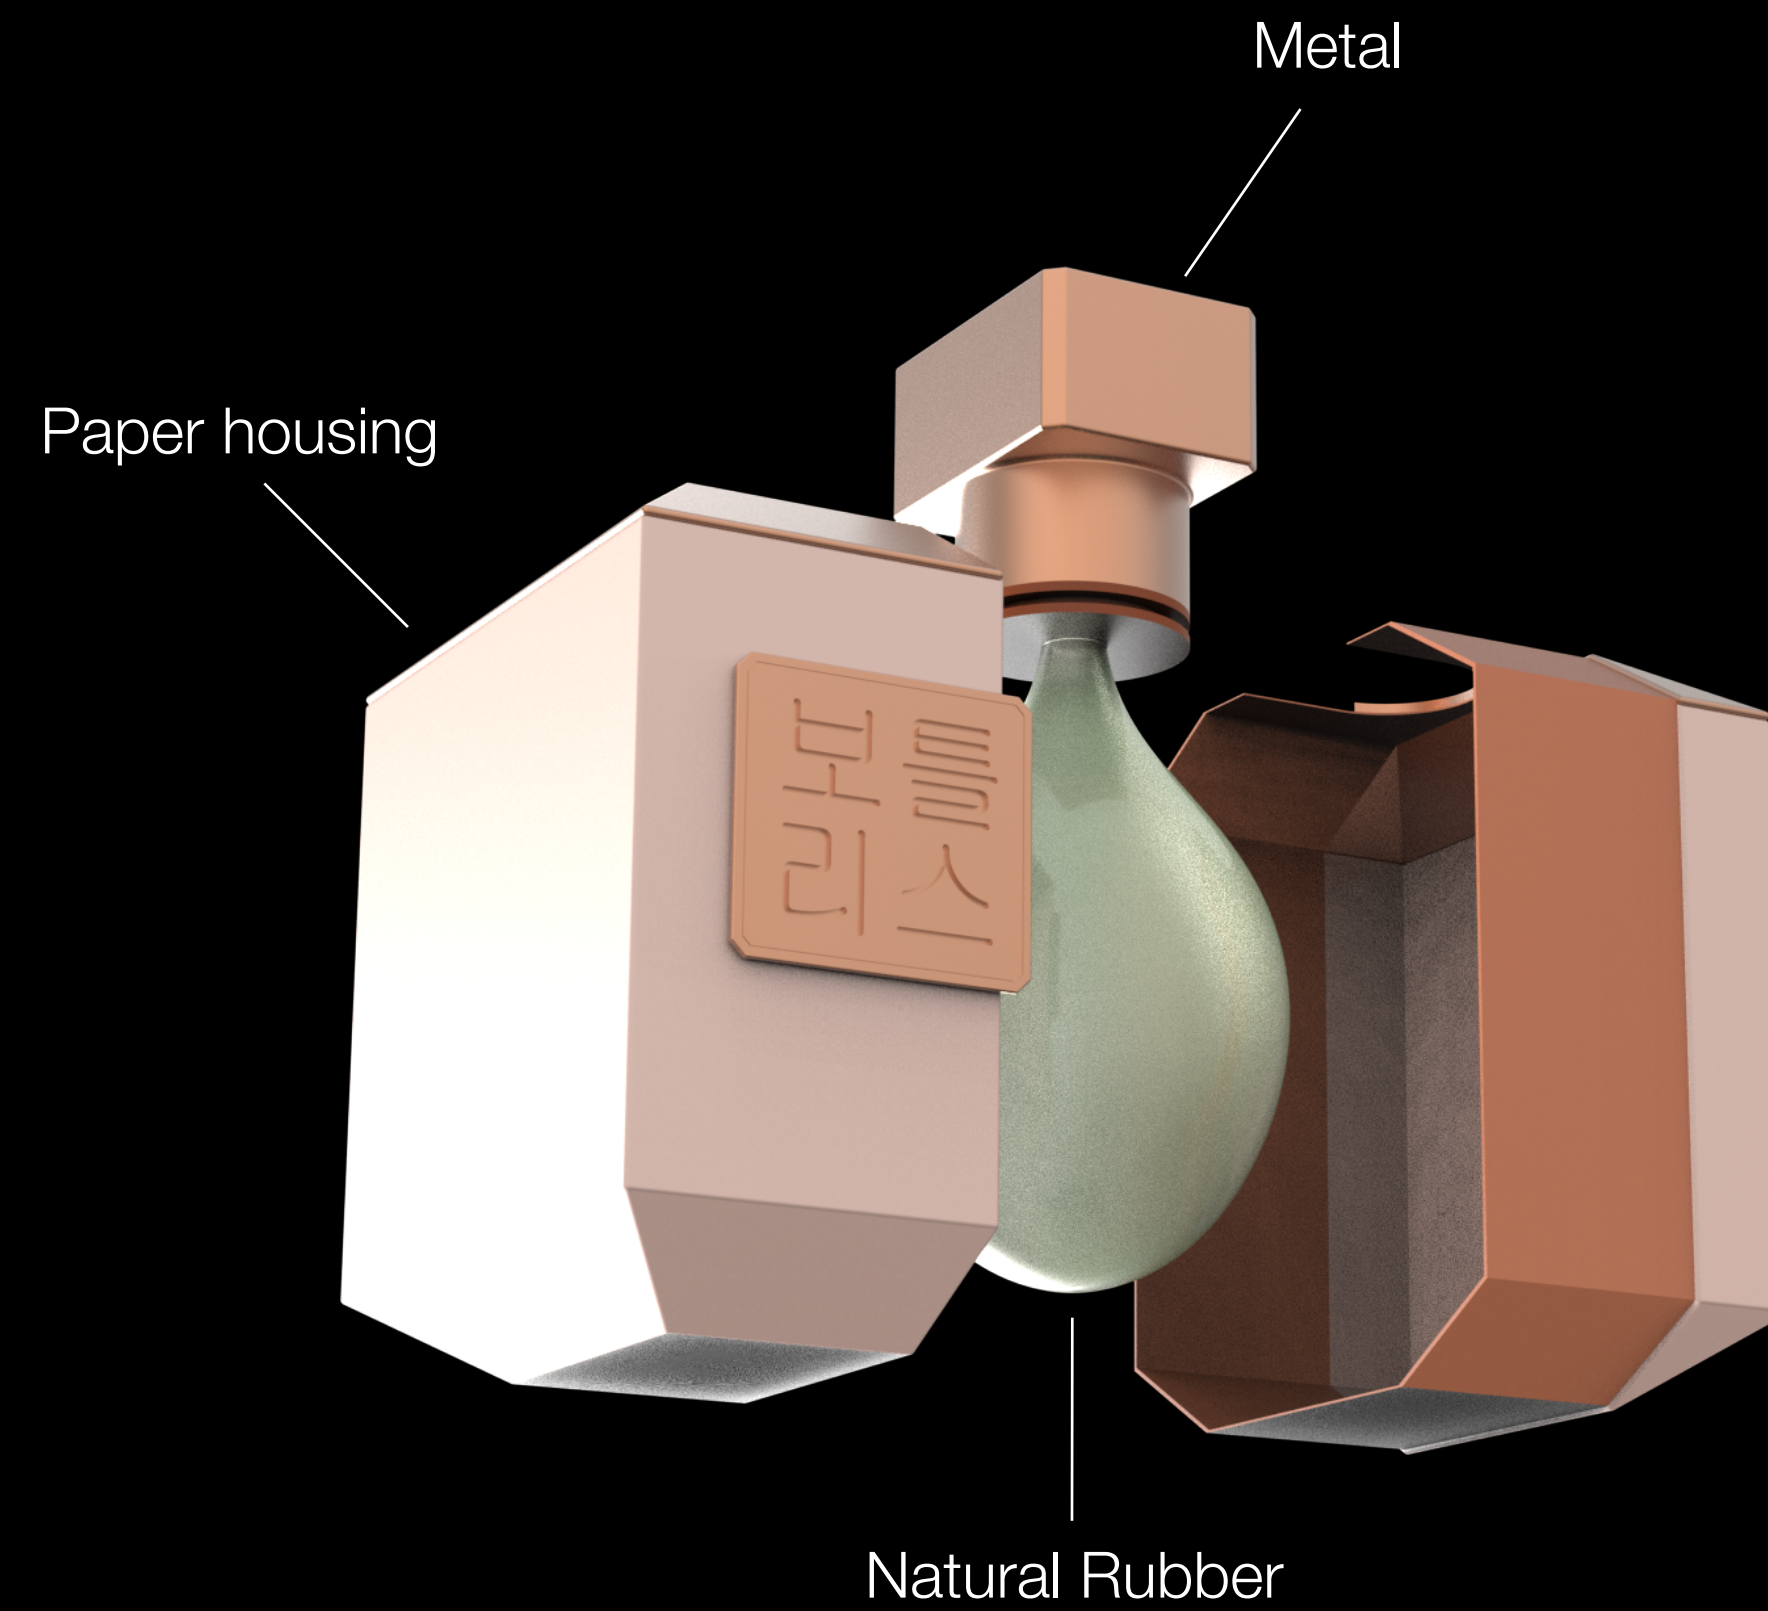

by reports.valuates.com and grandviewresearch.com

We need a
Non-Plastic
Airless
Packaging

Sustainable packaging without **plastic** & **residue**

Refillable, Cartridge type, Biodegradable, and Cost-effective
