Become an actor of Change! Join the largest network of cleantech stakeholders

The Solar Impulse Foundation's Ecosystem acts as a global hub that unites stakeholders from all sectors of clean technologies. Its mission is to drive sustainable change by fostering collaborations among innovators, investors, adopters (both private and public), experts, and promoters.

- > 4800+ World Alliance Members
- > 120+ countries
- > 1600+ Labelled Solutions
- > 700+ successful implementation stories

For innovators like you, the Solar Impulse Ecosystem presents a unique opportunity to showcase and scale your clean and profitable solution. By joining this network, you can have your solution featured on our flagship database, the [Solutions Explorer](#). Furthermore, there is the potential to be further recognised via the [Efficient Solution Label](#), certifying your solution as both clean and profitable. This recognition not only enhances visibility but also opens doors to new market opportunities and collaborations, driving forward the global adoption of efficient solutions.

Boost your market presence and impact: Explore the benefits of joining our network and getting your Efficient Solution featured on our database.

1. Visibility

- Be featured on our portfolio to gain worldwide exposure through the [Solutions Explorer](#), our powerful search engine (662'030 views in 2023)
- Highlight your successful implementation story on our [Implementation Map](#)
- Showcase your innovations at high-level events and to our industrial partners

✓ ADDITIONAL BENEFITS FOR LABELLED SOLUTIONS

- **Be on the spotlight via targeted promotion on our social media platforms highlighting your specific Solution**
- **Get shortlisted for coverage by leading international press**
- **Have your Solution selected to be featured on a professionally produced video**

2. Access to market

- Participate in implementation projects, pilots and demonstrators with our network of cities and regions

✓ ADDITIONAL BENEFITS FOR LABELLED SOLUTIONS

- **Access complimentary booths and pitch opportunities at major cleantech and business events such as [ChangeNow](#), [Vivatech](#)**
- **Benefit from monthly prizes, acceleration programs, and pilot projects with our [global ecosystem partners](#)**
- **Be selected on [cutting-edge projects](#) with multinational corporate partners**

3. Access to capital

✓ ONLY ACCESSIBLE TO LABELLED SOLUTIONS

- **Engage in monthly e-pitching sessions targeted at investors**
- **Connect with over 1700+ qualified investors and specialised investment funds like BNP Paribas Solar Impulse Venture Fund and FASI Fund**
